NCBTMB

National Certification Board for
Therapeutic Massage & Bodywork SM

NATIONAL
certification

Every day, NCBTMB helps nearly 86,000 nationally certified massage therapists and bodyworkers realize their professional – and personal – goals.

That's because NCBTMB certification is more than a credential, it's the cornerstone of a successful career. It establishes a practitioner as a dedicated professional, one with the knowledge and skills to uphold high standards of excellence. It communicates a commitment to ethics and safety, and assures consumers they are in good hands. In fact, the benefits of national certification are immeasurable.

- Represents the highest credential in the field
- Communicates a commitment to safe, ethical practice
- Provides a competitive edge
- Reassures clients and employers
- Allows reimbursement by some insurance companies
- Gains visibility and credibility
- Increases employment opportunities within/ between states
- Includes a listing in NCBTMB's practitioner locator service
- Establishes practitioners as healthcare providers on par with other professionals requiring certification

To become nationally certified – or recertified – call NCBTMB at **1-800-296-0664** or visit **www.ncbtmb.com**.
