Acknowledgments

We would like to thank the many people who provided invaluable assistance throughout the conduct of the entry-level therapeutic massage professional job analysis.

Above all, we thank the many dedicated therapeutic massage professionals who generously contributed their time and expertise to the job analysis study. This group of over 500 therapeutic massage professionals who participated in different phases of the study included: telephone interviewees, Task Force Committee members, survey pilot test participants, survey respondents, and Test Specifications Committee members.

At the National Certification Board for Therapeutic Massage and Bodywork (NCBTMB), Paul Parker, Director of Certification, and Christine Niero, Executive Director, provided guidance and expertise throughout the project.

At The Chauncey Group International^e, several individuals contributed to the successful conduct of the job analysis: Kriste Marhefka served as research assistant; Steve Arrison, Nancy Morrissey, Shawn Nordike, and Johanna Streeter provided administrative support; Cassandra Love compiled survey comments and provided editorial services for this report; and, Tony Bonell and Helen Froyan performed the survey data analysis.
