Certificant Disciplinary Actions: Revocations, Suspensions, and Probations
 Last Effective Date: 1/1/2017

Revocation: A Certificant's certification has been revoked and that person is no longer certified. A revocation may be: 1) permanent, meaning that the person may not sit for a certification exam in the future; or 2) non-permanent, meaning that the person may sit for a certification exam again at some designated time in the future. The former Certificant **MAY NOT:** 1) advertise using their credential or any NCBTMB logo; 2) use their certificate in any other way to promote their practice; or 3) in any way hold themselves out to be certified by NCBTMB.

Suspension: A Certificant's certification has been suspended for a definite period of time and may be subject to meeting certain requirements before the suspension is lifted. During the suspension period, the Certificant **MAY NOT:** 1) advertise using their credential or any NCBTMB logo; 2) use their certificate in any other way to promote their practice; or 3) in any way hold themselves out to be certified by NCBTMB.

Emergency Suspension: A Certificant's certification has been suspended due to the emergency suspension or restriction of their state license, certification or registration by a federal, state or local government or agency authority. Certificant's certification will remain on Emergency Suspension until NCBTMB reviews all information available and a final determination is made. During the suspension period, the Certificant **MAY NOT:** 1) advertise using their credential or any NCBTMB logo; 2) use their certificate in any other way to promote their practice; or 3) in any way hold themselves out to be certified by NCBTMB.

Indefinite Suspension: A Certificant's certification has been suspended for an indefinite period of time due to their failure to reply to a complaint. Certificant is required to properly respond and comply with the NCBTMB peer review process prior to the Committee making a final determination. NCBTMB reserves the right to take additional action against the Certificant if additional information related to the complaint becomes available. During the suspension period, the Certificant **MAY NOT:** 1) advertise using their credential or any NCBTMB logo; 2) use their certificate in any other way to promote their practice; or 3) in any way hold themselves out to be certified by NCBTMB.

Probation: A Certificant has been placed on probation for a definite period of time and may be subject to meeting certain requirements before the probation is lifted. During the probationary period, the Certificant **MAY** continue to: 1) advertise using their credential or any NCBTMB logo; 2) use their certificate in any other way to promote their practice; or 3) in any way hold themselves out to be certified by NCBTMB.
